

2021 Job-Matching Program for Students from Diplomatic Allies and Emerging Markets

Press Conference Invitation

The Taiwan External Trade Development Council (TAITRA), the Importers and Exporters Association of Taipei (IEAT), and the 104 Corporation are holding a joint job-matching program until the end of this year. We are focusing on the students from diplomatic allies and emerging markets. They expect these students to take advantage of their skills, languages, and the knowledge of their local cultures in order to help Taiwanese companies expand their overseas business.

This program gives companies the opportunity to find candidates for their vacancies for free through the Employment Expo on May 29, 2021 and an exclusive website to provide a platform for Taiwanese companies and international students. This program allows Taiwan to cooperate with the governments, embassies, and International Students Alumni Associations of diplomatic allies and emerging markets. The ultimate goal is to efficiently match international elites with companies and also to help our companies find talent to expand their business, improving their overall competitiveness.

We would like to invite you to participate in our press conference on April 23 and the Employment Expo on May 29, 2021. Come meet Taiwanese companies and discover the opportunities of collaborations. The agenda for April 23 is as attached.
